Structural properties of feasible bookings in the European entry-exit gas market system

Schewe, L; Schmidt, M and Thuerauf, J
Jun 2020 |
4OR-A QUARTERLY JOURNAL OF OPERATIONS RESEARCH
18 (2) , pp.197-218

In this work, we analyze the structural properties of the set of feasible bookings in the European entry-exit gas market system. We ... [Show more](#)

Bookings in the European gas market: characterisation of feasibility and computational complexity results

Labbe, M; Plein, F and Schmidt, M
Mar 2020 | OPTIMIZATION AND ENGINEERING 21 (1) , pp.305-334

As a consequence of the liberalisation of the European gas market in the last decades, gas trading and transport have been d ... [Show more](#)
