Dear Prof Rios-Mercado,

This is to let you know that your paper  
"GRASP Strategies for a Bi-objective Commercial Territory Design Problem"  
by M. Angelica Salazar-Aguilar, Roger Z. Rios-Mercado, and José L. González-Velarde,  
has been accepted for publication in the special issue on  
" Intelligent Metaheuristics for Logistic Planning" of the Journal of Heuristics.

Sincerely,

José A. Moreno and Belén Melián  
Guest Editor of the special issue on  
" Intelligent Metaheuristics for Logistic Planning"  
Journal of Heuristics
